### Message from the President

It is indeed a pleasure for me to write this message for forthcoming newsletter of ABIMS, also known as ABIMS Times. The newsletter which started 17 years ago, is being published regularly twice a year since then. It covers major extra-curricular and co-curricular activities ABIMS conducted during the period covered.

Newsletter of any institution serves as an important medium to disseminate information about it and also provides an occasion to all stakeholders to convey their thoughts. Taking this opportunity, I suggest the students of Al-Barkaat Group of Higher Educational Institutions in general and ABIMS in particular to make the best use of their stay in the campus. They should have goal of life and always strive towards achieving the same. They should be altruists at heart and disciplined to the core as these qualities pave the way for success. Instead of complaining the absence of opportunities, they should create them. They are fortunate to have excellent physical infrastructure, morally upright and supportive management and dedicated faculty members who are always willing to go extra mile to help their students supported by the Director who comes with over 40 years experience in management education, having served as Dean Management, Controller of Examinations and the Registrar at AMU Aligarh

ABIMS has a rich database of over 1300 alumni; majority of them are working in reputed organisations all over the country and abroad. Current students must make use of this resource in shaping their career.

I convey my best wishes to the faculty members, students and all well-wishers of ABIMS and a pleasant new year ahead.

  
**Syed Mohammad Ashraf (IRS)**  
Vice-President

### Teachers' Day Celebration:

On September 5, 2025, Al-Barkaat Educational Society (ABES) celebrated Teachers' Day by honoring the teaching community. The souvenirs were given to teachers in appreciation of their commitment.
